Articles written by Scientific Officer during WAN3 Project

Scientific Publications

- Crabtree, W. L. (2001). Masters Thesis through the University of Western Australia. The effect of water repellence on plant emergence and manganese uptake and growth of lupins in a dry soil.
- Crabtree, W. L. (1999a). Deep placement of Mn fertiliser on sandy soil increased grain yield and reduced split seed in *Lupinus angustifolius*. *Plant and Soil*. 214:9-14.
- Crabtree, W. L. (1999b). Furrows, press wheels and wetting agents improve crop emergence and yield on water repellent soils. *Plant and Soil*. 214:1-8.
- Crabtree, W. L., and Gilkes, R. J. (1999a). Banded wetting agent and compaction improves barley production on a water repellent sand. *Agronomy Journal* 91:463-467.
- Crabtree, W. L. and Gilkes, R. J. (1999b). Improved pasture establishment and production on water repellent sandy soils'. *Agronomy Journal* 91:467-470.
- Crabtree, W. L. Robson, A. D., and Ritchie, G. S. P. (1998). Drying of a surface soil decreased *Lupinus angustifolius* root length and Mn uptake in a split pot experiment. *Australian Journal of Agricultural Research* 49 (7).

Conference papers

<u>Title</u>	<u>Request by or submitted to</u>	<u>Date of release</u>
Issues of weeds and resistance	WANTFA Conference	8 th August 1997
Research issues for no-till	WANTFA Conference	24 th February 1998
Developments in no-till in WA	Getting the crop in SA	27 th February 1998
WANTFA's GRDC funded research findings	WANTFA Conference	15 th February 1999
Urea additives for less drilled urea toxicity	Crop Updates	17 th February 1999
Cultural effects on efficacy of trifluralin in stubble	Crop Updates	17 th February 1999
Keys to successful no-till adoption – Wurrulla	SA Eyre Peninsula strategy	9 th March 1999
Keys to successful no-till adoption – Ungarra	SA Eyre Peninsula strategy	10 th March 1999
Weed control and other no-till issues	AAAC	29 th March 1999
Are Sheep a part of no-till farming?	AIAS at Wongan Hills	31 st March 1999
Joys and Sorrows of no-till in WA	Keynote – Oregon no-till	4 th January 2000
Joys and Sorrows of no-till in WA	Invited paper – Ohio no-till	13 th January 2000
Trifluralin works better as granule in thick stubble!	Crop Updates	16 th February 2000
Increasing trifluralin rate did not compensate delay!	Crop Updates	16 th February 2000
Soil immobile nutrients for no-till crops	Crop Updates	16 th February 2000
WANTFA trials – weeds, fertilisers and clay	WANTFA Conference	8 th March 2000
Sharing information with no-till farmers	Invited paper – Int Weeds SS	June 2000
Highlights from Meckering research	WANTFA Conference	28 th February 2001
Logran better than Glean for no-tilled wheat	Crop Updates	21 st February 2001
Applying N in no-till to avoiding fertiliser toxicity	Crop Updates	21 st February 2001
Adoption of no-tillage in Western Australia	Argentinean no-tillage Conf	16 th August 2001
Meckering R&D trial results	WANTFA Conference	14 th February 2002
Issues with wide row lupins	Crop Updates	20 th February 2002

Some other submitted articles and papers

Title	Request by or submitted to	Date of release
Prepare paddocks next no-till crop	Monsanto	8 th July 1997
No-till developments in WA	Paskerville field day, SA	16 th September
No-till essentials (joint publication)	Industry (Ag Dept)	September 1998
Challenges and soil changes with NT	JERAC	20 th October 1998
Crops to consider after Esperance January rain	WATFA committee	18 th January 1999
NSW trifluralin thoughts	CWCFA newsletter	April 1999
No-till brings soil to life	requested by the LMS	21 st April 1999
Following – debate for SA-Vic mallee!	SA Crop Science Soc	23 rd October 1999
Rotations for Less Tillage	Kondinin “Min-Till Drill”	4 th November 1999
Incredible no-till adoption in WA	Kondinin “Min-Till Drill”	3 rd December 1999
No-tillage helps to manage weeds	Rural Press	17 th December 1999
Notes for new no-tillers	Rural Press	10 th December 1999
Are Sheep a part of no-till farming?	AGWEST debate Northam	20 th March 2000
Cover Crops and no-till in South America	WANTFA farmer seminar	28 th July 2000
Min-Till Drill (write and edit some chapters)	Kondinin Group	29 th August 2000
Meckering Field day booklet 2000	WANTFA	17 th September 2000
Meckering Field day booklet 2001	WANTFA	18 th September 2000
Fertiliser recommendations in no-till agriculture	UWA – GRDC workshop	14 th May 2001
Meckering trials results booklet 2000	WANTFA	18 th February 2001
Meckering trials results booklet 2001	WANTFA	8 th February 2002
Adoption of no-tillage in WA	CLIMA/UWA	26 th July 2002
Tramlines offer extra precision for no-tillers	AgDept – WANTFA – Knd	6 th August 2002
No-tillage progress and issues in Western Australia	Capetown, South Africa	13 th August 2002

WANTFA Farming Systems magazine articles (including 1993-1996 articles)

Month	Year	Section	Article titles in the WANTFA Farming Systems	Page #
July	2002	Farmer	Meckering information	543
July	2002	Topical	Staff Issues	528
July	2002	Topical	10 years of WANTFA	528
July	2002	Snippets	Goucho and Gassen!	527
